**INFORMATION AND INSTRUCTION FOR CONTRACTORS FOR TENDERING FORMING
 PART OF NIT AND TO BE POSTED ON WEBSITE**

Name of the work	Construction of material storage shed at Indian Institute of Information Technology Dharwad (IIIT DWD)
Estimated Value of work	Rs. 4,00,000/- (Including GST)
EMD (should be in the form of DD)	Rs. 8,000/- (2% of the estimated value)
Completion time	Thirty (30) Days
Tender Fee (should be in the form Of DD)	Applicable as per KPP Portal
Tender Type	Two Bid System
Last Date & Time for Receipt of Tenders	06.04.2026; up to 03:00PM
Date & Time of Tender Opening (Technical bid)	07.04.2026, 03:30PM, if possible
Opening of Financial bid	Will be intimated
Maintenance Period/ Defect Liability Period	01 years from the date of actual completion of the Entire work and handing over to IIIT- Dharwad (Date recorded in completion Certificate)
Address for submission of Tender	The Registrar, IIIT Dharwad IIIT Dharwad Campus, Ittigatti Road, Near Sattur Colony, Dharwad -580 009, Karnataka, India.

The Tender Document can be downloaded from **Karnataka Public Procurement (KPP) Portal** <https://kppp.karnataka.gov.in> and bid is to be submitted online only through the same portal up to the last date and time of submission of tender.

“IIIT Dharwad reserves the right to suspend/reject the tender process or any part thereof, to accept or reject any or all tenders at any stage of the process, and/or to modify the tender process or any part thereof at any time, without assigning any reason. Such actions shall not entail any obligation or liability whatsoever on the part of IIIT Dharwad.”

 Registrar
 IIIT Dharwad

GENERAL INSTRUCTIONS TO TENDERERS/BIDDERS

The tender document can be downloaded from <https://kppp.karnataka.gov.in> and should be submitted ONLY through the same website. The bid will remain valid for 90 days from the date of opening of the financial bid as prescribed by IIIT Dharwad. A bid valid for a shorter period shall be rejected, being non-responsive.

1.1 INSTRUCTION TO THE BIDDERS

- i. Bidders are required to enroll on the e-Procurement module of the Karnataka Public Procurement Portal (URL: <https://kppp.karnataka.gov.in>) by clicking on the link "Online Bidder Enrolment" on the KPP Portal. The registration is completely free of charge.
- ii. Possession of a valid Class II/III DSC in the form of smart card / e-token is a pre-requisite for registration and participating in the bid submission activities. DSCs can be obtained from the authorized certifying agencies recognized by CCA India (e.g. Sify/TCS/ncode/emudhra etc.).
- iii. Bidders are required to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the KPP Portal.
- iv. Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible for ensuring that they do not lend their DSCs to others which may lead to misuse.
- v. The bidders are required to login to the site through the secured login portal by entering their respective user id/password and the password of the DSC.
- vi. The KPP portal also has user manuals with detailed guidelines on enrolment and participation in the online bidding process. The user manuals can be downloaded for reference.
- vii. Any queries related to the process of online bid submission or queries related to KPP Portal, in general, may be directed to the 24x7 KPP Portal Helpdesk.

1.2 ONLINE BID SUBMISSION PROCEDURE:

SET-1: This set of documents should comprise of the Technical Eligibility documents that are necessary for the technical evaluation of the bidding agency.

1.2.1 BID OPENING

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DHARWAD
(Institute of National Importance by an Act of Parliament)
 IIIT Dharwad Campus, Ittigatti Road, Near Sattur Colony, Dharwad-580009, Karnataka, India.
 Website: www.iiitdwd.ac.in

- i. Technical Bids will be opened on the said date and time on KPPP
- ii. Financial Bids of the eligible bidders will be opened on a later date. The date and time for the opening of Financial Bids will be announced later through KPP.
- iii. Bids will be summarily rejected if the tenders are submitted other than through online mode within the stipulated date/time.

ELIGIBILITY CRITERIA:

Only those bidders fulfilling the following Eligibility Criteria (supported by documents) are expected to participate in the Tender **(all criteria to be mandatorily fulfilled for technical qualification)**: -

S. No.	Eligibility Criteria	Document required
1.	Experience of similar Works	The bidder shall have at least three (3) years' experience in execution of construction works/fabrication works. The bidder shall have a registered office in India/Karnataka and shall have executed construction works(s) within the State of Karnataka. Document: Copy of firm registration / incorporation certificate and work experience details.
2.	Previous Similar Work Experience	The bidder shall have successfully executed similar Fabrication works/construction works of the following value during the last three financial years (2022-23, 2023-24 & 2024- 2025) in Government / PSU / Autonomous Bodies / Educational Institutions / Reputed Private Organizations: One similar work costing not less than ₹4.00Lakhs OR Two similar works each costing not less than ₹2.00Lakhs OR Three similar works each costing not less than ₹1.50 Lakhs <i>Similar works mean prefab works/ Building Works which include the Flooring, painting etc.</i> Document: Copies of Work Orders and Completion / Performance Certificates. As per Annexure III
3.	Net worth	The net worth of the bidder shall not be negative as on 31-03-2025 . Document: CA certified net worth certificate / audited balance sheet.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DHARWAD
(Institute of National Importance by an Act of Parliament)
 IIIT Dharwad Campus, Ittigatti Road, Near Sattur Colony, Dharwad-580009, Karnataka, India.
 Website: www.iiitdwd.ac.in

4.	Minimum Average Annual Turnover of the bidder (in the last 3 Financial years)	<p>he bidder shall have a minimum average annual turnover of ₹6.00 Lakhs during the last three financial years.</p> <p>Document: CA certified turnover statement / audited financial statements. As per Annexure IV</p>
5.	Duly Signed Tender Document	<p>The following information must be submitted on the letter head of the company / bidder:</p> <ul style="list-style-type: none"> ● Compliance of Basic Information (as per Annexure-I) ● Signed copy of tender document.
6.	Non-Black listing	<p>The bidder shall not have been blacklisted or debarred by any Government / PSU / Autonomous Organization in India.</p> <p>Document: Self-declaration / undertaking on company letterhead. As per Annexure II</p>
7.	Statutory Registrations	<p>The bidder shall be registered with statutory authorities such as GST and Income Tax.</p> <p>Document: Copies of GST Registration, PAN, and bank details of the firm and PWD registration certificate with validity details.</p>

GENERAL CONDITIONS OF CONTRACT

Clause 1: Definitions and Interpretation

For the purpose of this contract, unless the context otherwise requires:

- (a) **Department / Employer** shall mean IIIT Dharwad or the authority inviting the tender.
- (b) **Engineer-in-Charge (EIC)** shall mean the officer appointed by the Department to supervise, inspect, and certify the work.
- (c) **Contractor** shall mean the individual, firm, or company whose tender has been accepted and includes legal representatives, successors, and permitted assigns.
- (d) **Work** shall mean execution of Structural work, Flooring, Finishing/painting and allied works as specified in the Schedule of Quantities, drawings (if any), specifications, GCC, SCC, and TCC.

Clause 2: Scope and Nature of Work

The contractor shall execute the Structural work, Flooring, Finishing/painting and allied works in a professional manner using approved materials and skilled manpower. The scope includes installation of Aerocon or Equivalent panel board walls of approved thickness with proper framing, fixing, jointing and sealing, and supply and fixing of GI sheet roofing of approved gauge along with ridge pieces, flashing, gutters and rainwater disposal arrangements. The work shall also include preparation and laying of flooring such as red oxide/IPS flooring as specified, proper curing, slope formation, finishing works including primer application, painting of structural steel members, surface preparation of Aerocon or Equivalent panels, application of putty and finishing coats wherever specified, and complete cleaning of the site before handing over the shed in a leak-proof, structurally stable, and usable condition. (Enclosed in Schedule-A)

Clause 3: Earnest Money Deposit (EMD)

The bidder shall submit **Earnest Money Deposit (EMD) equal to two percent (2%) of the estimated cost of work** in the form specified in the Notice Inviting Tender. The EMD of unsuccessful bidders shall be refunded without interest after finalization of the tender. The EMD of the successful bidder shall be retained until submission of the Security Deposit.

Clause 4: Security Deposit (SD)

The successful contractor shall furnish **Security Deposit equal to five percent (5%) of the tender awarded value**. The Security Deposit shall be refunded after satisfactory completion of work and expiry of the Defect Liability Period of 01 years, subject to clearance of all dues.

Clause 4A: Performance Security

The successful Contractor shall furnish a **Performance Security equal to five percent (5%) of the tender awarded value** within the period specified in the Letter of Acceptance / Work Order.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DHARWAD

(Institute of National Importance by an Act of Parliament)

IIIT Dharwad Campus, Ittigatti Road, Near Sattur Colony, Dharwad-580009, Karnataka, India.

Website: www.iiitdwd.ac.in.

The Performance Security shall be submitted in the form of **Bank Guarantee / Demand Draft / Fixed Deposit Receipt** from a nationalized or scheduled bank, valid up to the completion of the work, unless otherwise specified in the tender documents.

The Performance Security shall be forfeited, wholly or partly, in case of failure of the Contractor to fulfill contractual obligations, non-completion of work, breach of contract conditions, or abandonment of work.

The Performance Security shall be released after satisfactory completion of the work, subject to clearance of all dues and liabilities to the Department.

Clause 5: Commencement, Progress, and Completion

The contractor shall commence the work within the period stipulated in the work order and shall maintain required progress to ensure timely completion. The contractor shall deploy adequate manpower and resources so that the work is completed within the stipulated time.

Clause 6: Extension of Time

Extension of time may be granted by the competent authority if delay is due to reasons beyond the contractor's control. Such extension shall not entitle the contractor to any extra payment or compensation.

Clause 7: Liquidated Damages

If the contractor fails to complete the work within the stipulated time, compensation for delay shall be levied as per KPWD norms, subject to the maximum limit specified in the tender documents.

Clause 8: Materials, Workmanship, and Quality

All materials shall be of approved make and quality and shall conform to KPWD specifications and relevant IS standards. The Engineer-in-Charge shall have the authority to reject any materials or workmanship not meeting the specified standards, and the contractor shall replace the same at no extra cost.

Clause 9: Inspection, Testing, and Rectification

The Engineer-in-Charge or his authorized representative shall inspect the work at all stages. Any defects noticed during inspection or after completion shall be rectified by the contractor promptly and at his own cost.

Clause 10: Measurements and Payments

Measurements shall be taken jointly by the contractor and the Engineer-in-Charge or his representative. Payments shall be made based on actual quantities of work executed and measured, subject to deductions as per contract provisions.

Clause 11: Safety, Labour Laws, and Statutory Compliance

The contractor shall strictly comply with all applicable labour laws, safety regulations, and statutory requirements. The Department shall not be responsible for any accident, injury, or damage arising during execution of the work.

Clause 12: Termination of Contract

The Engineer-in-Charge shall have the right to terminate the contract in whole or in part in case of default, slow progress, or abandonment of work, without prejudice to any other rights of the Institute.

SPECIAL CONDITIONS OF CONTRACT

1. The scope of work includes construction of a materials storage shed using 50mm to 75mm thick Aerocon or Equivalent panel board walls, fabrication and erection of structural steel framework, fixing of colour-coated roofing sheets, laying of red oxide flooring, construction of external platform, providing and fixing door and window, and carrying out all finishing works complete in all respects as per approved specifications.
2. The contractor shall inspect the site before quoting and satisfy himself regarding site conditions, access, availability of space, levels, drainage, and other constraints. No extra claim shall be entertained later on this account.
3. The contractor shall submit samples, catalogues, and technical data sheets of Aerocon or Equivalent panels, structural steel sections, roofing sheets, paints, primer, putty, door, window, and other materials to the Engineer-in-Charge for approval prior to procurement in bulk. Only approved materials shall be used.
4. All fabrication shall be done as per approved drawings(Enclosed). Welding shall be continuous and finished properly. The erected structure shall be stable and securely anchored. All steel members shall be cleaned and applied with one coat of red oxide primer before erection and touch-up after erection wherever required.
5. Roofing shall be provided with 0.45mm thick approved make colour-coated corrugated GI sheets including ridges, flashings, fixtures and fasteners. Proper slope shall be maintained to ensure effective rainwater drainage. Red oxide flooring shall be laid inside the shed with proper base preparation and curing. An external platform shall be constructed with adequate slope to prevent water stagnation. Internal walls shall be finished with wall care putty, one coat of primer, and two coats of emulsion paint. External surfaces shall be finished with approved damp-proof paint. Shades shall be approved before application.
6. The contractor shall provide all safety equipment, scaffolding, and protective measures required for safe execution of work. Payment shall be made based on actual measurements recorded at site. Rates shall include cost of materials, labour, transportation, tools, tackles, taxes, scaffolding, and all incidental charges. The work shall be executed under the supervision of the Engineer-in-Charge and strictly as per his instructions.
7. The bidder/contractor shall arrange the power supply and water supply at their own cost for execution of the work. However, if power supply is required from the Institute, the same may be provided on a pro-rata charge basis. In such case, the bidder/contractor shall arrange and install a single-phase or three-phase energy meter at their own cost, through which the power supply will be provided.

TECHNICAL SPECIFICATIONS

1. Site Preparation & Setting Out:

- Contractor shall clear the site of debris, vegetation, loose soil, and unwanted materials before commencement of work, at no extra cost.
- Proper setting out of the shed as per approved dimensions (inner size 7.28m × 3.06m and roofing size 7.92m × 4.26m) shall be carried out.

2. Structural Steel Framework:

- Structural framework shall be fabricated using approved make steel tubes comprising:
 - 100mm × 100mm × 2mm thick columns
 - 80mm × 40mm × 2mm thick rafters
 - 50mm × 50mm × 1.6mm thick purlins
- Steel sections shall conform to relevant IS specifications and shall be free from bends, cracks, rust, or defects.
- All members shall be properly aligned, levelled, plumbed, and securely fixed.
- Welding shall be continuous, smooth, and free from cracks, porosity, or slag.

3. Surface Preparation & Anti-Corrosive Treatment:

- All steel surfaces shall be cleaned thoroughly to remove rust, oil, grease, and dirt before application of primer.
- Cleaning shall be done using wire brushes, emery paper, grinders, or other approved mechanical methods.
- One coat of approved red oxide primer shall be applied before erection and necessary touch-up shall be done after erection.
- Primer application shall ensure uniform coverage without bare patches.

4. Aerocon or Equivalent Panel Walling:

- Aerocon or Equivalent panels shall be lightweight, prefabricated sandwich panels comprising fiber-reinforced cement facings with a lightweight concrete core. Panels shall be eco-friendly, termite-proof, and suitable for rapid dry construction. The panels shall have a standard width of **600 mm** and a length of **3000 mm or as approved by the Engineer-in-Charge**, depending on site requirements.
- Panels shall be fixed using suitable GI/steel channels and fasteners.
- Joints shall be properly sealed and finished to prevent water ingress.
- Panels shall be installed plumb, true to line, and without visible gaps or misalignment.

5. Roofing Work:

- Roofing shall be provided using 0.45mm thick Approved make colour-coated sheets or approved equivalent.
- Sheets shall be fixed with self-drilling screws and EPDM washers to prevent leakage.
- Side and end overlaps shall be as per manufacturer's recommendations.
- Proper slope shall be maintained to ensure effective rainwater drainage.
- Ridge pieces and flashing shall be provided wherever necessary.

6. Flooring Work:

- Base shall be properly levelled and compacted before laying flooring.
- Red oxide flooring shall be laid to uniform thickness with smooth and even finish.
- Proper curing shall be carried out for the specified period.
- Surface shall be free from cracks, undulations, or patchiness.

7. External Platform:

- External platform shall be constructed using cement concrete of approved grade.
- A minimum slope of 1:50 shall be provided to drain of rainwater.
- Edges shall be neatly finished and properly aligned with the shed structure.

8. Doors & Windows:

- One MS door of size 1.20m × 2.13m shall be provided complete with frame, hinges, locking arrangement, handles, and necessary fittings.
- The door shall be properly primed and painted.
- One aluminum two-track sliding window of size 0.90m × 1.20m with grill and fittings shall be provided.
- Installation shall ensure smooth operation and proper alignment.

9. Finishing Works:

- Internal walls shall be finished with wall care putty, one coat of primer, and two coats of emulsion paint.
- External surfaces shall be finished with wall care putty and approved damp-proof exterior paint.
- Adequate drying time shall be maintained between coats as per manufacturer's instructions.
- Shade and make shall be approved by the Engineer-in-Charge prior to application.

10. Material Quality & Standards:

- All materials used shall conform to relevant IS codes and KPWD/CPWD specifications.
- Only first quality materials of approved make shall be used.
- Any material not conforming to specifications shall be rejected and removed from site immediately.

11. Workmanship & Supervision:

- The contractor shall ensure skilled workmanship and proper supervision throughout the execution of work.
- All components shall be finished neatly with proper alignment and structural stability.
- Any defective work identified during or after execution shall be rectified at contractor's cost.

12. Measurements & Compliance:

- Measurements shall be recorded as per standard mode of measurement and relevant specifications.
- No extra payment shall be made for preparatory works, minor adjustments, scaffolding, tools, tackles, or incidental items unless specifically provided in the BOQ.
- The work shall comply fully with approved drawings, specifications, and instructions of the Engineer-in-Charge.

LIST OF ACCEPTED MAKES

1. Unless otherwise specified, the brand/make of the material as specified in the item nomenclature or in the particular specifications or in the list of approved materials attached in the tender, shall be used in the work.
2. The contractor shall obtain prior approval from the Engineer-In-Charge before placing for any specific brand/ make of material.
3. Whenever the specified brand of material is not available then, the Engineer-In-Charge may approve any material equivalent to that specified, subject to a definite proof being offered by the Contractor for its equivalence and its non-availability to his satisfaction.

Sr.No	Item Description	Make
1	Sandwich panel boards	Birla Aerocon or equivalent
2	Steel channels	TATA, JSW, SAIL, JINDAL, Apollo
3	GI Sheets	JSW, ESSAR, TATA
4	Red Oxide	TATA, Agaram, Eagle, Agsar
5	Wall putty	Asian Paint, Birla white, Jk, Nerolic, Nippon
6	Premier	Asian paints, Berger/Dulux, Nerolac
7	Emulsion paint	Asian paints, Berger/Dulux, Nerolac
8	Damp-Proof Paint	Asian paints, Berger/Dulux, Dr.Fixit

GENERAL SAFETY PRECAUTIONS TO BE FOLLOWED AT WORK SITE DURING EXECUTION

The following safety measures should be strictly adhered to during execution of works at sites.

1. Providing the working platform with toe board and handrail for continuous working at heights.
2. Providing safety belt and lifeline at all times for men working at heights.
3. Providing dust or fume respirator in places where dust and fume concentration exists.
4. Providing goggles and welding screens.
5. Providing acid and alkali proof rubber gloves for handling acid and alkali and chemicals which are corrosive.
6. Providing rubber gloves for working on electrical works.
7. Ensuring proper lashing of the components while being transported in vehicles.
8. The vehicles must have side supports or have body to support the materials conveyed.
9. The materials should not be allowed to extend or overflow the sides of the vehicles.
10. Materials should not be allowed to overhang from the rear edge of the body of the vehicle.
11. Driver of the vehicle must possess license.
12. Vehicle must not be overloaded beyond prescribed limits.
13. Red flags and lights for parts projecting from the body of vehicle must be provided.
14. The speed restrictions within the Institute must be strictly adhered to.
15. The gas cylinders must always be handled on trolleys or kept tied down when not in use. They should never be rolled as rollers for conveying.
16. Cylinders should not be used without regulators.
17. All excavations must be barricaded and red lamps must be provided.
18. All electrical connections must be properly earthed.
19. Providing helmet, safety belt, etc., for high level work and sufficient number of Industrial Safety nets at appropriate level to safeguard the persons working at high level particularly in roofing, etc.
20. All personal protective equipment shall conform with standard specifications and contractor including their sub-contractors, agents and labour engaged on the work are required to scrupulously adhere to the safety regulations, safety precautions and measures. Any violation thereof will invite punitive action being taken against them. Also contractors with frequent violations of safety regulations will not be entrusted with further work in this organization.

SAFETY PRECAUTIONS TO BE OBSERVED WHILE TRANSPORTING MATERIALS

1. VEHICLE

- i. Vehicles carrying materials should have proper registration documents and must be produced on demand by our Security Staff.
- ii. The light on right side, i.e., over the driver's cabin shall be in working condition.

iii. Both the headlights as well as park lamps must be in working condition.

2. MOVEMENT OF VEHICLE

- i. The vehicle should not travel at more than **20 kmph** in our premises.
- ii. The driver of the vehicle must possess heavy duty license and produce on demand by the Security Staff.
- iii. Vehicles carrying inflammable liquids in tank containers should have grounding chain or the tank should be coated with insulating material to avoid static electricity.
- iv. In road junctions, speed breakers and railway crossings, the speed should be lowered and vehicle should proceed cautiously.
- v. The driving should “KEEP TO THE LEFT” at all places.
- vi. The vehicle should not be parked in road which could obstruct the vehicular traffic.
- vii. No person other than driver should be allowed to sit or stand on the prime mover or trailer.
- viii. The vehicle should pass only through the approved routes. Shortcuts should be forbidden.
- ix. There must be a safe distance behind another moving truck.
- x. The drivers should avoid making quick starts, jerky stops or quick turns at excessive speed.

TERMS AND CONDITIONS REGARDING COMPLIANCE WITH VARIOUS LABOUR LAWS

BY THE CONTRACTORS FOR IIITDWD

1. The contractor shall not employ in connection with the work any person who has not completed **18 years of age**.
2. The contractor shall, in respect of labour employed by him either directly or through sub-contractors, comply with or cause to be complied with the following statutory provisions and rules and in regard to all matters provided therein:
 - a) The Contract Labour (Regulation & Abolition) Act, 1970
 - b) The Minimum Wages Act, 1948 and related Central Rules
 - c) The Payment of Wages Act, 1936 and related Central Rules
 - d) The Employees’ Provident Fund & Miscellaneous Provisions Act, 1952
 - e) The Employees State Insurance Act, 1948
 - f) The Workmen Compensation Act, 1923
 - g) The Industrial Disputes Act, 1947

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DHARWAD

(Institute of National Importance by an Act of Parliament)

IIIT Dharwad Campus, Ittigatti Road, Near Sattur Colony, Dharwad-580009, Karnataka, India.

Website: www.iiitdwd.ac.in.

h) The Payment of Bonus Act, 1965 and any other law or modifications to the above or to the rules made thereunder from time to time

3. The contractor employing **20 or more workmen** is required to obtain license from the authorities (The Deputy Chief Inspector of Factories / Assistant Commissioner of Labour as the case may be). The license shall be amended and / or renewed wherever there is an increase in the workmen employed by him or in the event of contract being extended or renewed. The contractor shall inform the license number to the IIITDWD Management before taking up the work.
4. The contractor (licensed or unlicensed) shall promptly furnish every information and document required by IIITDWD authorities for the purpose of fulfilling their obligations as Principal Employer and shall render all necessary assistance for the same.

WAGES

5. The contractor shall pay wages to the workmen employed by him at the rate which shall not be less than the minimum wages applicable under law from time to time.
6. The contractor shall fix wage periods in respect of which wages shall be payable. No wage period shall exceed one month.
7. The contractor shall ensure payment of wages to the contract labour employed by him within three days from the end of wage period in case the wage period is one week or a fortnight and in all other cases before the **7th day** of the following month.
8. All payment of wages shall be made on working days at the work site and during the working time and on date notified in advance. In case the work is completed before the expiry of the wage period, final payment shall be made within **48 hours** of the last working day.
9. Where the employment of any worker is terminated by or on behalf of the contractor, the wages earned by him shall be paid before the expiry of the **second working day** from the day on which his employment is terminated.
10. Wages due to every worker shall be paid to him direct or to the person authorized by him in this behalf. All wages shall be paid in current coin or currency in both.

REGISTERS & RECORDS

11. The contractor shall maintain all registers and records in the proper manner and as required by the regulations of the various authorities concerned and indemnify the Employer from the consequences due to any inaccurate or faulty documentation on the part of the contractor.

POST TECHNICAL AUDIT OF WORK AND BILLS

12. IIITDWD reserves the right to carry out the post-payment audit and technical examination of the work and final bill including all supporting vouchers, abstracts, etc., and enforce recovery of any sum becoming due as a result thereof in the manner provided in the preceding sub-paragraphs. Such recovery shall be enforced at any time even after passing the final bill.

SUBMISSION OF BILLS BY CONTRACTOR

13. The contractor at the end of each month shall submit a bill in triplicate, if required, detailing the various items of work done during the month supported by the requisitions issued from time to time.

The contractor shall, once in every month, submit to the EO / EMD separately details of his claims for the work done by him up to and including the previous month which are not covered by his contract agreement in any of the following respects:

- a) Deviation from the items provided in the contract documents
- b) Extra items / new items of work
- c) Items in respect of which rates have not been settled

He should in addition furnish a clear certificate to the effect that the claims submitted by him as aforesaid cover all his claims and that no further claims shall be raised by him in respect of the work done up to and including the period under report.

PAYMENT OF BILLS

14. All payments to be made to the contractor under this contract shall be by **NEFT or RTGS** within a reasonable time after the certification of bills by the execution department.

RECOVERY FROM CONTRACTOR

15. Whenever under the contract any sum of money shall be recoverable from or payable by the contractor, the same may be deducted from or any sum then due or which at any time thereafter may become due to the contractor under the contract or under any other contract with IIITDWD or from his security deposit, or he shall pay the claim on demand.

CANCELLATION OF CONTRACT FOR CORRUPT ACTS

16. IIIT DWD, whose decision shall be final and conclusive, shall without prejudice to any other right or remedy which shall have accrued or shall accrue thereafter to IIITDWD, cancel the contract in any of the following cases and the contractor shall be liable to make payment to IIITDWD for any loss or damage resulting from any such cancellation to the same extent as provided in the case of cancellation for default.

If the contractor shall:

- a) Offer or give or agree to give to any person in IIITDWD service any gift or consideration of any kind, as an inducement or reward for doing or for bearing to do or for having done or for borne to do any act in relation to the obtaining or execution of this or any other contract for
IIIT DWD service;
OR

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DHARWAD

(Institute of National Importance by an Act of Parliament)

IIIT Dharwad Campus, Ittigatti Road, Near Sattur Colony, Dharwad-580009, Karnataka, India.

Website: www.iiitdwd.ac.in.

b) Enter into a contract with IIIT DWD in connection with which commission has been paid or agreed to be paid by him or with his knowledge, unless the particulars of any such commission and the terms of payment thereof have previously been disclosed in writing to IIIT DWD;
OR

c) Obtain a contract with IIITDWD as a result of ring tendering or by non-bona fide methods of competitive tendering, without first disclosing the fact in writing to IIITDWD.

CANCELLATION OF CONTRACT FOR INSOLVENCY, ASSIGNMENT, TRANSFER OR SUB-LETTING OF CONTRACT

17. IIIT DWD, without prejudice to any other right or remedy which shall have accrued or shall accrue thereafter to IIIT DWD, shall cancel the contract in any of the following cases:

If the contractor,

(a) Being an individual or if a firm, any partner thereof shall at any time be adjudged bankrupt or have a receiving order for administration of his estate made against him or shall take any proceedings for liquidation or composition under any Bankruptcy Act or assignment of his effects of composition or arrangement for the benefit of his creditors or purport to do so, or if any application made under any Bankruptcy Act for the time being in force for the sequestration of his estate or if a trust deed be granted by him on behalf of his creditors;
OR

(b) Being a company, shall pass a resolution or the Court shall make an order for the liquidation of its affairs, or a receiver or manager on behalf of the debenture holders shall be appointed or circumstances shall arise which entitle the Court or debenture holders to appoint
a receiver or manager;
OR

(c) Assigns, transfers, sub-lets or attempts to assign, transfer or sub-let any portion of the work without the prior written approval of the IIITDWD.

(d) Whenever IIITDWD exercises the authority to cancel the contract under this condition, IIITDWD may have the work done by any means at the contractor's risk and expenses, provided always that in the event of the cost of the work so done (as certified by Engineer-in-Charge, which is final and conclusive) being less than the contract cost, the advantage shall accrue to the IIITDWD and if the cost exceeds the money due to the contractor under the contract, the contractor shall either pay the excess amount ordered by Estate Maintenance Department or the same shall be recovered from the contractor by other means.

(e) In case IIITDWD carries out the work under the provisions of this condition, the cost to be taken into account in determining the excess cost to be charged to the contractor under this condition shall consist of the cost of materials, hire charges of tools and plants and / or labour provided by IIITDWD with an addition of such percentage to cover superintendence and establishment charges as may be decided by Estate Maintenance Department, whose decision shall be final and conclusive.

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DHARWAD

CANCELLATION OF CONTRACT IN PART OR FULL FOR CONTRACTOR'S DEFAULT

18. If the contractor:

(a) Makes default in carrying out the work as directed and continues in that state after a reasonable notice from Engineer-in-Charge or his authorized representative;

(b) Fails to comply with any of the terms and conditions of the contract after reasonable notice in writing with orders properly issued there under;

(c) IIIT DWD may, without prejudice to any other right or remedy which shall have accrued or shall accrue thereafter to IIIT DWD, **cancel the contract as a whole or in part thereof** or only such work order or items of work in default from the contract.

Whenever IIIT DWD exercises the authority to cancel the contract as a whole or part under this condition, IIIT DWD may complete the work at the contractor's risk and cost. If the cost (as certified by Engineer-in-Charge, which is final and conclusive) is less than the contract cost, the advantage shall accrue to the IIIT DWD. If the cost exceeds the money due to the contractor under this contract, the contractor shall either pay the excess amount ordered by Estate Maintenance Department or the same shall be recovered from the contractor by other means.

In case IIIT DWD carries out the work or any part thereof under the provisions of this condition, the cost to be taken into account in determining the excess cost to be charged to the contractor shall consist of the cost of materials, hire charges of tools and plant and / or labour provided by IIITDWD with an addition of such percentage to cover superintendence and establishment charges as may be decided by the Engineer-in-Charge, whose decision shall be final and conclusive.

TERMINATION OF CONTRACT ON DEATH OF CONTRACTOR

19. Without prejudice to any of the rights or remedies under this contract, if the contractor dies, or if the firm is dissolved or the company is liquidated, IIITDWD shall have the option of terminating the contract without compensation to the contractor.

SPECIAL POWER TO TERMINATE

20. If at any time after the award of contract IIITDWD shall, for any reason whatsoever, not require the whole or any part of the work to be carried out, the Engineer-in-Charge shall give notice in writing of the fact to the contractor who shall have no claim to any payment of compensation or otherwise howsoever on account of any profit or advantage which he might have derived from the execution of the work in full but which he did not derive in consequence of the fore-closing of the work.

PRECAUTIONS AGAINST RISK

22. The contractor shall be responsible for providing at his own expense for all precautions to prevent loss or damage from any and all risks and to minimize the amount of any such loss or damage and for the necessary steps to be taken for the said purpose.

RATE FOR ADDITIONAL ITEM / SUBSTITUTED ITEM

23. This will be as per the rate analysis based on the market rate for material and labour prevailing at the time of execution at place of work as ascertained by Engineer-in-Charge.

CORRIGENDUM / AMENDMENT

24. It is tenderer's responsibility to watch for any corrigendum or amendment till the opening of a particular tender that will be posted only at IIIT DWD website
